PROFILE

Hello, I'm Dev Zinzuvadiya, an IT student passionate about crafting compelling digital experiences. As a Front-End Developer, I've honed my skills in HTML, CSS, and JavaScript to bring innovative designs to life.
Currently, I am expanding my expertise by learning React js , the preferred language for Web development, and exploring other frameworks of Web development.

CERTIFICATE

- The Completion of Python 3.4.3
- Course Completion of Internet of Things Applications at Infosys
- Zero to Hero React JS mastery E-degree course at Udemy

PROJECTS

Food Yard

- A well-functioning food donation web system connect with php in blackened plays a vital role in addressing food insecurity, reducing food waste.

Movie Mate

- Movie Mate is an online platform designed to streamline the process of booking movie tickets. Users can easily search for movies playing in their area, view showtimes, select seats, and purchase tickets securely through the platform.

PROFESSIONAL EXPERIENCE

Bharat intern   December 2023 - January 2024

inntern

As a part of virtual internship, I contributed to the design of Netflix clone web application utilizing technologies such as HTML, CSS, JavaScript.
I also had the privilege to design and develop a weather forecasting web application.
